

System WL 108

with Processing Unit EC 120

Wireless

HAENNI
A Baumer Company

Static - Axle by Axle

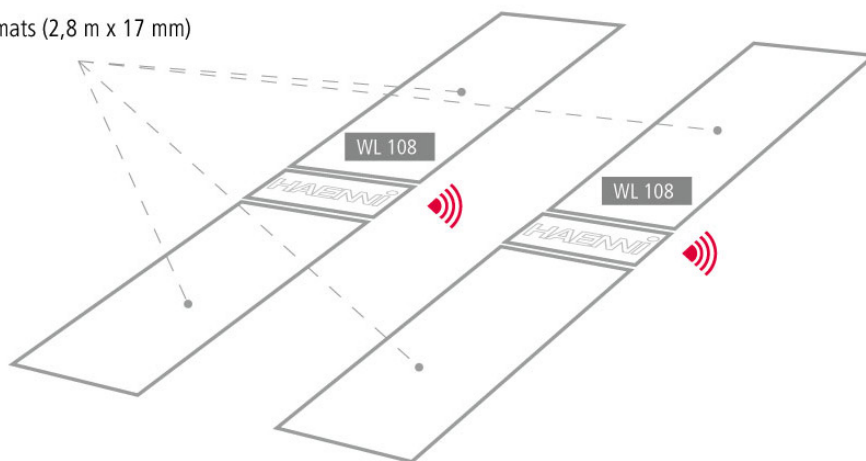

A compact and completely autonomous system for measuring, processing and printing wheel and axle loads, sub total and total weights of vehicles, without need of power supply. Especially designed for harsh environments. The connection can be done with cables or wireless.

The wireless system is composed of:

- 2 scales WL 108
- 4 levelling mats 2.8 m (D 12535.0)
- 1 charger E 7084.x
- 1 Processing Unit EC 120

Layout:

4 x large levelling mats (2,8 m x 17 mm)
D 12535.0

Processing Unit
(Cable connection possible)
